

IN THE SPECIFICATION

Please amend the specification as follows:

Replace the paragraph on page 4, between lines 16-19 of the specification with the following:

In the further embodiments according to the invention, ~~it has been proved to be advantageous when measures as claimed in claim 2 and claim 7 are provided. The~~ the corrector does not only focus on individual passages, but on the whole document, thereby guaranteeing higher quality and accuracy.

Replace the paragraph on page 4, between lines 20-24 of the specification with the following:

In an embodiment according to the invention the indicating of the confidence level information of a text passage of the text information may be performed acoustically. ~~In the embodiments according to the invention, it has proved to be very advantageous when measures as claimed in claim 3 and claim 8 are provided. The~~ A visual feedback may be provided which serves as a signal, a means

of increasing the attention on a particular text passage to the corrector.

Replace the paragraph on page 4, between lines 25-31 of the specification with the following:

~~It has further proved to be very advantageous in the~~  
~~embodiments according to the invention when measures as claimed in~~  
~~claim 4 and claim 9 are provided. By changing the speed of the~~  
~~playback for a particular section of the dictation~~ In another  
embodiment, the playback speed is changed automatically in  
dependence of the confidence level information, so that the  
attention of the corrector is increased resulting in an increased  
accuracy of the corrected text information. For example, an  
automatic slow down of the playback speed may be performed for a  
text passage with a lower confidence level.

Replace the paragraph spanning pages 4-5, between page 4, line 32, and page 5, line 2 of the specification with the following:

In the embodiments according to the invention, it has further  
been proved to be advantageous ~~when measures as claimed in claim 5~~

Amendment in Reply to Office Action mailed on February 29, 2008

~~and claim 10 are provided~~ indication means are constructed for  
indicating the confidence level information of phrases. By this the  
accuracy of the corrected text may further be improved.
